

Responsible Computer Use Student Agreement:

Use of the internet at school is only allowed if this Computer Use form is signed and returned.

When using information & communications technologies (ICT) at Fairfield School I will always be a good digital citizen. This means that I agree to:

- **Respect** school equipment by being careful with devices or computers
- Use ICT to communicate with others in **responsible** and positive ways
- Use **only** my Fairfield School email and google drive
- Immediately report any rude or dangerous material that I accidentally come across to a teacher
- Use the internet for the purpose of learning
- Share the available devices in my classroom
- Allow children with personal BYOD devices exclusive use to their own equipment
- Keep my password to myself

I have read the Responsible Computer Use Agreement and I know what the rules are about the use of computers and the internet at Fairfield School.

I know that if I break these rules there will be consequences. Teachers can suspend my email accounts and restrict my access to the internet, and my parents will be informed.

Responsible Computer Use Parent Declaration:

I understand that Fairfield School is supporting students as they learn the skills required to become successful digital citizens. Our school defines a digital citizen as someone who;

- is a confident and capable user of ICT
- uses technologies to participate in educational, cultural, and economic activities
- uses and develops critical thinking skills in cyberspace
- is literate in the language, symbols, and texts of digital technologies
- is aware of ICT challenges and can manage them effectively
- uses ICT to relate to others in positive, meaningful ways
- demonstrates honesty and integrity in their use of ICT
- respects the concepts of privacy and freedom of speech in a digital world
- contributes and actively promotes the values of digital citizenship

I understand that the school provides access to the internet and other communications technologies because it believes that they enhance the teaching and learning process.

I understand that the school encourages responsible behaviour by students when using technology to help protect themselves and each other from experiencing harm online.

I have read the **Student Agreement** (opposite side) and have talked with my child about what it means to them. I am happy that my child understands what this means, and that they are capable of working within the guidelines.

I am aware that students can experience challenges when using technology, but that the school makes every effort to support students to manage those challenges effectively. I understand that by learning to deal with them in a safe environment with the appropriate support they will be better prepared to deal with those challenges in the future.

If I have questions or concerns about the way in which technology is being used by my child at school, I know the school is happy to discuss this with me, and I am aware that I am welcome to do this at any time.
