

## Outdoor Education Experiences

Fairfield School is involved in many trips outside the school. There is clear support for these from our community as we have a large number of parents attending as helpers, and very few parents who indicate they don't want their child to be a part of the excursion.

Classroom teachers will inform parents of any upcoming excursions or Education Outside the Classroom (EOTC) via email. **Completion of this permission form means we do not require individual slips for school trips.** Parents will always be informed of what the trip is for, and what their child needs to bring. They will also be asked to contact the child's classroom teacher if they want to attend as a parent helper.

All trips will be submitted to the Deputy Principal for approval in line with our procedure for Risk Analysis Management. Overnight trips or camps are also presented to the Board of Trustees for approval. No trips are allowed out of the school unless this thorough process has been completed.

If a parent does not want their child to attend they will need to notify the school.

The purpose of signing this consent form for school trips is to make it easier for you. It is in no way trying to limit any of your involvement in the Fairfield School community.

---

I consent to my child attending any Education Outside of the Classroom school trips. I understand that these trips will be approved by the Board of Trustees and I will be notified in advance. If I do not want my child to attend the trip, then I will notify the Class Teacher or School Office.
